

## CLUB NIGHT INFORMATION

The Club holds a “Club Night” every Monday for both Racketball and Squash. The session starts at 18.00 for members wanting to play Racketball and this ends at 19.30 when those members wanting to play squash can play. You can of course play both.

Club Night is a chance for all members to just come along and get a game in with whoever else is there on the night. It can be a mixture of standards and helps you either practice your game or certain shots, get some good tips and advice from other players, or just have a good work out. It is an informal friendly time where you can meet other members, fix up games or even stock up on some equipment from the club shop.

The Web Site allows you to register your intention to go along to a Club Night session in a similar way to booking a court. If you go to the Book A Court page and click on the relevant Monday link you will notice the time slots for Club Night are different and you have the option of seeing [Who's Going?](#) by clicking on the link and/or registering your own intention to attend by clicking on the [I'm Going](#) button. All members are encouraged to register their intention to join in as the more people who register, the better the chances of other members coming along. Please note by saying you are going does not mean you have to turn up!

On every second Monday of the month the Club Night Squash session becomes the monthly competition. This is a mix of formats and includes Teams, Doubles and Tournaments with Racketball being played every third month. These competitions are open to all members and if the events are not handicapped you will normally be playing other members of a similar standard.

The cost is only £1 for the whole evening so why not give it a go?
